

DPA WBOP

## **BOP EGL Community of Practice**

The first EGL BOP Community of Practice (CoP) was held in Papamoa on July 26. It was well attended by people with lived experience, family, whanau, front line staff, providers and people in governance roles from across the Western and Eastern Bay and Lakes regions. (If you would like to receive a copy of the gathering record please e-mail Tony on the address below.)

Our aim is have an interactive session where participants can begin to shape the work plan for the CoP as we look to what we believe will be of benefit to us as individuals, organisations and as a region.

- In addition we'll look to investigate who we would like to come and address the BOP CoP in coming session, particularly around the 'Mid Central Prototype' which begins officially on October 1, &
- Ideas/Suggestions on the formation of a local leadership group as we prepare for systems transformation in the Bay of Plenty
